**Subject:** Responsive Summary Discussion

Scott and Karen,

Per our conversation yesterday, I am cc'ing Kristine on this email for the work we need from CDM in preparation for the responsive summary.

1. CDM will provide an overall structure of the Responsive Summary (sections and subsections) to EPA before the next meeting.
2. Using the Lower Duwamish ROD, CDM will start drafting (or populating) response to non-technical and non-Portland Harbor related technological comments for the Responsive Summary after Davis/Laura identified such comments (from the LDW ROD and public inquiries). This effort will not require technical staff currently assisting the development of the FS or the Proposed Plan.

Thanks,

\*\*\*\*\*
